# JOIN THE GLOBAL AFFAIRS CONVERSATION ON THE WEST COAST

## WHO WE ARE

The Pacific Council is an international affairs organization.

We are more than a think tank: **we work to make the U.S. West Coast a foreign policy powerhouse.**

We are headquartered in Los Angeles. We are independent. We are nonpartisan.

## WHAT WE DO

We connect a network of people from different backgrounds to share ideas, keep up on foreign affairs, and effect change on issues that are important at home and abroad.

We foster thoughtful, intelligent debate in the events, conferences, and delegations we convene.

We work with member experts, working groups, and task forces to develop new ideas that inform and drive global progress.

## BECOME A MEMBER

Council members are business, civic, and political leaders, policy and issue experts, and qualified individuals with demonstrated interest and commitment to international affairs.

Together they create a community of thoughtful, concerned global citizens whose experience informs smart policy and discourse.

We connect you to a network of leaders, bring you in on both live and virtual discussions with global thinkers, and invite your ideas to contribute to public discourse and improved policy.

Apply through our website: [www.pacificcouncil.org/apply](http://www.pacificcouncil.org/apply).
