

# SUSTAINING MEMBERSHIP

JOIN THE COMMUNITY THAT ENSURES THE PACIFIC COUNCIL'S STRONG FUTURE

## GLOBAL INSIDERS

Sustaining Members are invited to participate in invitation-only meetings with influential leaders and policymakers. These engagements offer a private setting for thoughtful discussions with leaders like Senators Tim Kaine, Dianne Feinstein, Representatives Ted Lieu, Ed Royce, Gabrielle Giffords, among others, the director of the CIA, the Secretary of the Navy, and many more.

## STRATEGIC PARTNERS

Sustaining Members are much more than donors: as members first, they are invested personally in the mission and future of the organization. Strategy briefings, task forces, and private meetings with executive and Board leadership bring Sustaining Members closer to the mission of the Pacific Council.

## AMBASSADORS ABROAD

The Pacific Council leads Sustaining Members on at least two international delegations each year. Delegates receive an insider look at the strategically important country through high-level meetings and cultural exchanges. Delegations have visited Cuba, Germany, Indonesia, Myanmar, Qatar, Russia, Turkey, the U.A.E., the United Kingdom and France, Japan, Afghanistan, Iraq, South Sudan, and China.

### PACIFIC COUNCIL ON INTERNATIONAL POLICY

**SUSTAINING MEMBERS** are ongoing, annual contributors whose commitment and vision make it possible for the Pacific Council to carry out its mission. In appreciation of this support, the Pacific Council provides Sustaining Members with unique access and special opportunities to connect with fellow donors and leaders in global affairs.

### OUR MISSION

The Pacific Council builds the capacity of Los Angeles and California to have impact on global issues, discourse, and policy.
